

IH-C6311

1 MP Advanced Network IR Intercom Access Control System

The IH-C6311 is an outdoor video station, designed to work with our touch screen indoor monitors. The camera is equipped with a 1.3MP color camera and with bright white light for illumination at night. In addition, the outdoor unit delivers crystal clear two-way audio so you can see and hear your visitor. The unit supports remote door unlock when used with the built in access control module and a door strike (not included). Each outdoor video station is web configurable and can be accessed and controlled over the network. The IC Realtime intercom system supports the group call function which means one camera can contact multiple units throughout a home or office.

Features

- 1MP camera
- Tempered glass panel (IP65)
- Night vision
- Easy to use with one illuminated button
- Operates with IC cards
- Remote unlock
- Group call
- Built-in access control extension module

IH-C6311

Specifications

Model	IH-C6311 (White)
System	
Main Processor	Embedded micro processor
Operating System	Embedded LINUX
Video	
Compression	H.264
Resolution	1 MP CMOS HD Camera
Black Light	Supported
Audio	
Input	All-direction Microphone
Output	Built-in speaker
Two-way Talk	Supports bi-directional talk
Input/Output	
Input	Digital keyboard
Card	Built-in IC card induction reader
Network	10/100 Mbs adaptive, TCP/IP SNMP MDI/MDI-X Self adaptive
Vandal Proof	Supported
Access Control	Supported
Storage	128MB
General	
Power Supply	10~15V DC
Power Consumption	Standby < 1W Work < 5W
Working Environment	14°F ~ 130°F/-10°C ~ 55°C / 10~90%RH / 86~106kpa
Dimensions (W×D×H)	154.2mm×114.2mm×43.0mm
Weight	0.6 KG
