ICE Box | I C EVERYWHERE

Compiled of all the necessary components for a full surveillance solution, IC Realtime's **ICE Box** NEMA series recorders are an all-in-one weatherproof solution. Available in 4, 8 and 16 channel H.264 recorders, the NEMA series consists of a full real-time Pentaplex recorder with internet accessibility, power distribution for the cameras and 120V AC outlets in a NEMA rated fan cooled weatherproof box.

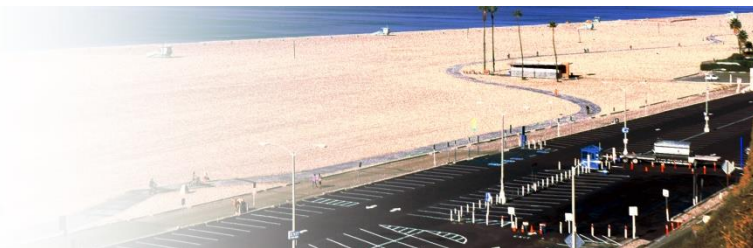

These recorders can be mounted in the harshest conditions while staying hidden from the elements and intruders alike. The NEMA series maintains IC Realtime's Enhanced H.264 compression and Linux based embedded operating system platform.

The NEMA series are suitable for remote locations, mobile surveillance and applications that require a covert and complete product installation.

The **ICE Box** NEMA 4 Enclosure is ideal for temporary job installations like construction sites.

Businesses and law enforcement use the **ICE Box** to monitor parking lots for security, employee productivity, and discrete/covert surveillance.

Mount the **ICE Box** to telephone poles in order to secure power, phone and cable utilities equipment.
