

How-to Note: *ICRSS Pro & 3rd party apps*
Configuration for Launching a 3rd Party App within
the ICRSS PRO
[30-Jun-16]

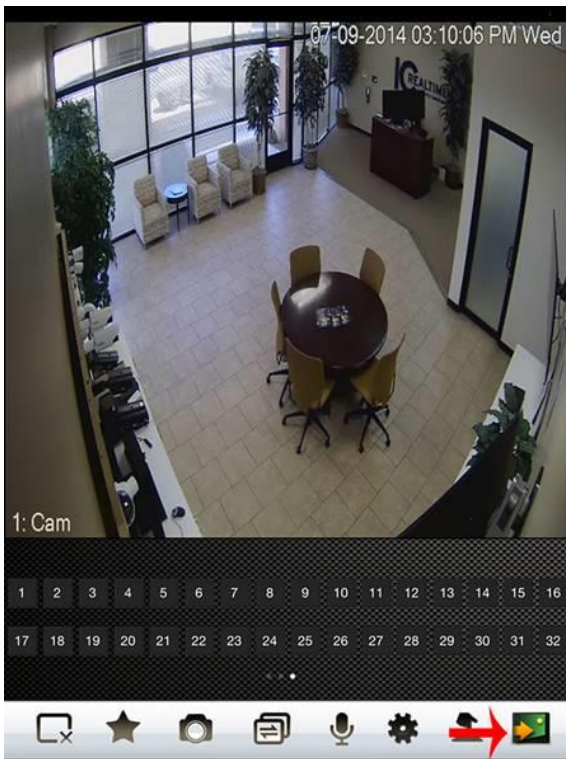

- Open the ICRSS PRO app
- First tap on settings (gear icon at bottom) and you will see a page like the below.
- Click on configuration and you will then see the URL field.

- Please input within the URL field savantLaunch: This will launch the Savant True Control II app.
- When you have completed this step proceed to the main screen.
- While viewing your cameras you will see a row of buttons at the bottom of the app.

In portrait or landscape mode you may have to swipe the bottom button bar to expose the exit / URL button (see below). It looks like this 

When you tap this button it will launch the Savant True Control app.

You will have to then create a button within the Savant app to perform the same task as the above to get back to the IC Realtime ICRSS PRO app. Our URL scheme is **icrsspro://**
